#### **Project Description**

#### Principal's Priority

2

The Aquarian Charter School Library is seeking to upgrade the collection, furniture, shelving, and media resources. The library has been built on donations and is in need of an upgrade. The library is the heart of the school learning community. The generosity of our families and community provided a great start to the library collection and furniture but we would like to expand and modernize our collection, furniture, and media resources.

#### **Benefits if Project is Funded**

All students receive library instruction and access. The grant would modernize and update our library collection and furniture. We are very appreciative of the donations we have received in the past but we are concerned about the safety of our furniture and would like to be selective in choosing new literature that is relevant to the current student population.
